

SOURCEFORGE GIVES COMMENCE CRM 5 STAR RATING – BETTER THAN COMPETITORS

May 6, 2021

The screenshot shows the SourceForge website interface. At the top, there is a navigation bar with 'SOURCEFORGE' logo and three menu items: 'Open Source Software', 'Business Software', and 'Resources'. Below this is a large heading: 'Commence vs. Infor CRM vs. PipeCycle'. Underneath, there are three panels, each representing a different software product. Each panel includes a logo, a star rating (Commence has 5 stars), a 'Learn More' button, and an 'Update Features' link. Below the panels are three columns of comparison data, each with a title and a list of features with corresponding status icons (green checkmarks for 'Yes' and grey checkmarks for 'No').
